

RFP Number 2010-07 TICP Exercise Development and Evaluation Services

QUESTIONS:

1. Has a scenario already been developed by exercise planners that could shed additional light on the size and scope of the full-scale exercise? This information would be useful for determining the number of evaluators and controllers required.
2. Is the contractor expected to provide personnel to staff all evaluator and controller positions for the full-scale exercise, or will any of the participating agencies be willing to provide subject matter experts to staff some of these positions, and if so which positions and how many?

ANSWERS:

1. The scenario has not been developed. It is the intent of the IECGP committee that the consultant work with us and representatives from RPI to do so.
2. The participating agencies will be able to provide personnel to act as evaluators and controllers as deemed necessary.
