

Responses to the questions submitted with respect to City of Albany RFP 2011-04 are as follows:

- 1.) Monthly Claims Audits – Can you provide an example of what the prior consultant or broker has done on the audit side (sample reports) so have something to gage how involved they were. **No. City is seeking proposals from prospective bidders outlining bidder’s capabilities with respect to auditing carrier performance. Sample reports in this regard from prospective bidders are welcome.**
- 2.) Other Reports – Do you have a copy of any other documents that might highlight benefits (e.g., open enrollment brochure, executive summary on the state of financials for the underlying health insurance programs prepared by broker). **Please refer to Section 13 of the RFP for benefit information.**
- 3.) Current Consultants Fees – Can you share fees that current broker/consultant is receiving today. **No.**
