LOCAL LAW J of 2022

TITLE

A LOCAL LAW AMENDING ARTICLE VIIB (ALBANY POLICE DEPARTMENT INTERACTIONS) OF PART 1 (DEPARTMENT OF POLICE) OF CHAPTER 42 (DEPARTMENTS AND COMMISSION) OF THE CODE OF THE CITY OF ALBANY IN REALTION TO PROHIBITING THE ALBANY POLICE DEPARMENT FROM PURCHASING, STOCKPILING, AND USING KINETIC ENERGY MUNITIONS

GENERAL PURPOSE OF LEGISLATION

In Albany, and in other parts of the United States, kinetic weapons have been used to stifle dissent and scare citizens away from exercising their right to assemble and express themselves.

In our city, people expressing their opposition to abortion bans and police brutality have been severely injured by kinetic weapons. In fact, a 2017 study found that three- percent of people hit with rubber bullets have died from their injuries and 15-percent were permanently injured. These so-called “less than lethal” munitions can severely injure and kill people, and are often used indiscriminately.

Further, these violent tactics expose our city to costly lawsuits. In the City of Denver alone, twelve protestors were awarded \$12 million in damages for being injured by the indiscriminate use of kinetic munitions. In the aftermath of the George Floyd protests, numerous states and localities have rolled back the use and outright banned the use of kinetic munitions, including but not limited to California, Virginia, Philadelphia, and DC.

This legislation is intended to implement a significant recommendation of the City of Albany Policing Reform and Reinvention Collaborative - to encourage the demilitarization of our police force. This bill is intended to save our city money, prevent harm from being inflicted on our most marginalized communities, and increase the potential to foster trust between affected communities and the police.

NECESSITY FOR LEGISLATION AND ANY CHANGE TO EXSITING LAW

The City Code does not currently codify APD or any other department’s use of kinetic energy munitions. This local law does so.

FISCAL IMPACT

None.

A LOCAL LAW AMENDING ARTICLE VIIB (ALBANY POLICE DEPARTMENT INTERACTIONS) OF PART 1 (DEPARTMENT OF POLICE) OF CHAPTER 42 (DEPARTMENTS AND COMMISSION) OF THE CODE OF THE CITY OF ALBANY IN REALTION TO PROHIBITING THE ALBANY POLICE DEPARTMENT FROM PURCHASING, STOCKPILING, AND USING CHEMICAL WEAPONS

Be it enacted, by the Common Council of the City of Albany, as follows:

Section 1. Article VIIB (Albany Police Department Interactions) of Part 1 (Department of Police) of Chapter 42 (Departments and Commissions) of Part I (Administrative Legislation) of the Code of the City of Albany is hereby amended by adding a new section 42-54.4 to read as follows:

§ 42-54.4. Chemical Weapons and Kinetic Energy Munitions

A. For purposes of this section, the following terms shall have the following meanings:

Chemical Weapons

Any type of device containing toxic chemicals designed to be launched or thrown as a projectile or otherwise released in the area of civilian populations, in order to cause temporary or permanent incapacitation, injury, or trauma to the intended target, through the action of such chemicals as an eye, throat, respiratory and/or skin irritant. This term specifically includes, but is not limited to, any item commonly referred to as or having similar effects to “tear gas.” The definition of “chemical weapon” herein shall not include “pepper spray” as that term is defined herein.

Pepper Spray

Oleoresin capsicum (OC) spray, or what is commonly referred to as “pepper spray” contained in liquid spray canisters of a volume no greater than 0.75 ounces when used to temporarily control a specific individual whom a police officer reasonably believes to be in the process of committing a crime that endangers other people and only when such agent is released in compliance with department policies and New York State law relating to the use of force and under circumstances that reasonably assure that others in the vicinity are not affected by the use of such spray.

Tear Gas

Any liquid, gaseous, or solid substance intended to produce temporary physical discomfort or permanent injury to a human being through being vaporized or otherwise dispersed in the air, provided that the term “tear gas” as defined herein shall not include “pepper spray” as that term is defined in this subsection.

B. All City of Albany departments and agencies are prohibited from owning, purchasing, renting, storing, and/or deploying chemical weapons and/or tear gas, except for the use of pepper spray as that term is defined in subsection (A) of this section.

Section 2. This local law shall take effect upon final passage, public hearing, and filing with the Secretary of State.

LOCAL LAW K of 2022

TITLE

A LOCAL LAW AMENDING ARTICLE VIIB (ALBANY POLICE DEPARTMENT INTERACTIONS) OF PART 1 (DEPARTMENT OF POLICE) OF CHAPTER 42 (DEPARTMENTS AND COMMISSION) OF THE CODE OF THE CITY OF ALBANY IN REALTION TO PROHIBITING THE ALBANY POLICE DEPARMENT FROM PURCHASING, STOCKPILING, AND USING CHEMICAL WEAPONS

GENERAL PURPOSE OF LEGISLATION

Of all of the protests our city has seen, tear gas has been only used on Black Lives Matter protestors in the South End and Arbor Hill. In Albany, and in other parts of the United States, tear gas have been used to stifle dissent and scare citizens away from exercising their right to assemble and express themselves.

In our city, and across the nation, people expressing their opposition to abortion bans and police brutality have been permanently injured by tear gas, including those elected to our city government. These so-called “less than lethal” munitions can severely injure and kill people. According to the CDC, in addition to the risk of death, exposure to tear gas can lead to blindness, glaucoma, severe chemical burns to the throat and lungs, and respiratory failure. Moreover, there is growing research that points to tear exposure leading to disruptions in menstrual cycles.

The indiscriminate nature of tear gas is the main reason it must be banned. The fact that the use of tear gas amounts to collective punishment has been affirmed by multiple court decisions, including in *Tamara K. Alsaada v. the City of Columbus, OH*, 536 F.Supp.3d 216 (S. D. OH 2021).

In the summer of 2020, children woke up gasping for air as tear gas deployed by the Albany Police Department entered their homes.

Tear gas is a chemical weapon banned in war. To say that without tear gas, our police would resort to shooting protestors with live ammunition is a argument in bad faith. The Albany Police Departments have multiple other tools to control crowds, including deescalation techniques, and other forms of forceful crowd control.

Further, the City of Albany Policing Reform and Reinvention Collaborative Recommendations on “Police Department Functions;” section 7, entitled “Interactions with Members of the Community,” Goal 1 specifically recommends “Ban the use of tear gas and decrease the use of military style weaponry by the Albany Police Department.” The report also notes the “police have many tools at their disposal for crowd control and should rely on de-escalation techniques rather than tear gas and battle armor.”

In the aftermath of the George Floyd protests, numerous states and localities have rolled back the use and outright banned the use of tear gas, including but not limited to the states of California and Virginia, and localities of Philadelphia, Charlotte, and DC.

This legislation is intended to implement a significant recommendation of the City of Albany Policing Reform and Reinvention Collaborative - to encourage the demilitarization of our police force. This bill is intended to save our city money, prevent harm from being inflicted on our most marginalized communities, and increase the potential to foster trust between affected communities and the police.

NECESSITY FOR LEGISLATION AND ANY CHANGE TO EXSITING LAW

The City Code does not currently codify APD or any other department’s use of tear gas, chemical weapons, or pepper spray. This local law does so.

FISCAL IMPACT

None.

ORDINANCE 16.72.22

TITLE

AN ORDINANCE AMENDING ARTICLE II (SKATEBOARDS) OF CHAPTER 255 (PEACE AND GOOD ORDER) OF THE CODE OF THE CITY OF ALBANY IN RELATION TO THE REGULATION OF SKATEBOARDING ON SIDEWALKS

GENERAL PURPOSE OF LEGISLATION

This ordinance prohibits skateboarders from using or riding skateboards on the sidewalks of the City.

NECESSITY FOR LEGISLATION AND ANY CHANGE TO EXISTING LAW

Under Article II, “Skateboards,” of Chapter 255 of the Code as it existed for many years, skateboarders were prohibited from riding in or on many public areas in the City of Albany. Ordinance 9.41.22, passed by the Common Council on July 7, 2022, repealed many of these restrictions, apart from the prohibition against riding skateboards “in, on, or upon any publicly owned monument, sculpture or other statuary.”

This ordinance addresses an issue that was raised during the consideration of Ordinance 9.41.22 by prohibiting skateboarders from riding on the sidewalk – a prohibition that already exists in the Code for bicycles – while retaining skateboarders’ ability to ride in other public areas that had been denied to them under the previous Code provision.
