

WAIVER OF A MAJOR DEVELOPMENT PLAN REVIEW STANDARD APPLICATION

Part 1. Application Notes

An application for a waiver is a request for relief from the development standards as part of a Major Development Plan Review application.

1. The Planning Board reviews the application at a public workshop and public meeting and makes its decision based on the standards in Section 375-5(E)(14)(b) of the USDO.
2. A waiver application asks the Planning Board to change the standard code requirements because of a unique situation. The burden of proof lies with the Applicant and requested waivers will only be granted if an application and supporting materials meet the necessary criteria.
3. The Planning Board is required to grant only the minimum waiver that it deems necessary and adequate to address the hardship while preserving and protecting the character of the neighborhood and health, safety and welfare of the community.
4. Use one form per requested waiver.

Note: A pre-application meeting is available upon request prior to submitting this application.

Part 4. Character of the Neighborhood

Explain why the waiver being proposed will not result in a structure or a configuration that will be out of place in the neighborhood or zone district:

Part 5. Alternatives Considered

Describe the benefit to be achieved by the granting of the waiver and why such benefit cannot otherwise be reasonably achieved. As part of the description, list all alternatives that were considered and rejected, and include evidence where necessary to support your conclusions:

Part 6. Substantiality

Indicate why the requested waiver is not a substantial or contextually significant deviation from the prevailing regulation:

Part 7. Impact on Environment

Describe any potential impact on such factors as drainage, traffic circulation, dust, noise, odor, public services, among others (e.g., compliance with the USDO requirement to be waived would result in the removal of three mature trees and a natural berm):

Part 8. Self-Created Difficulty

Explain why the need for the waiver is not self-created (e.g., the lot was created in 1954 and does not comply with the minimum lot area requirements of the USDO):
