11	I just want to emphasize the impact that swimming pools have on decreasing the rate of crime in a neighborhood. While we have Lincoln Park pool, we need as many as possible in order to give people a place to cool down on hot days as well as giving residents a place to enjoy their time without having to leave the city. It may sound oversimplified, but research shows that criminal activity drops drastically with the presence of a pool and/or prayer pole placed in a community.	6/27/2021 2:19 PM

22	I don't believe there should be a community center unless the community and neighborhoods can commit to keeping it up example: cleanliness, behavior, and not somewhere to drop your kids off. So there needs to be security and supervision especially for kids under a certain age.	6/24/2021 9:59 AM

26	Underutilized (and often locked to the public) fields at Swinburne park. If not there, then truly in the center of WEST HILL. Robin and Elk street area have warehouses. That area of robin and elk. Or north lake between Clinton and central. Swinburne is not the "heart" of west hill, but I give it priority only because it would be nice to build upon and enhance the assets there (spray pad, fields, ice skating). Otherwise the robin area between Clinton and central is where it should go.	6/21/2021 11:06 PM
