Department of  
Environmental  
Conservation

The City of Albany's Brevator Complete Street Project will transform a wide, vehicle –oriented street into a multi-modal corridor between Western and Washington Avenues. The City hosted a public meeting on May 16<sup>th</sup>, 2023 to share information about the project and solicit feedback on the concept options. The newest design reflects the preferred approach gathered from the survey and public comments.

Please join us to hear about the survey results and to learn more about the latest design.

Visit the project website for additional information and a recording of the May 16<sup>th</sup> Public Meeting:
