The name of the program shall be the “Home Owner Assistance Program,” hereinafter referred to as HOAP.

b. Purpose of HOAP Program

To increase the supply of code compliant owner occupied buildings in the City of Albany. To provide financial assistance to low income owner-occupied households with annual incomes 80% or below the median income for the purposes of rehabilitating owner-occupied buildings with 1 to 4 units, condominium or cooperative units of any size building .A strong emphasis will be placed on bringing the buildings in compliance with local housing code.

c. Source of Funds and CDBG /HOME Eligibility

1. Community Development Block Grant (CDBG) will be used to fund the HOAP Program, including all financial assistance and funds for the direct delivery of the program. All HOAP projects must meet all requirements of the CDBG program. CDBG Regulations can be found at 24 CFR Part 570. Eligibility for the HOAP Program can be found at 24 CFR Part 570.202 which is the section titled Eligible Rehabilitation and Preservation Activities.
2. HOME Investment Partnership Act Program (HOME) will be used to fund the HOAP Program, including all financial assistance and funds for the direct delivery of the program. All HOAP projects must meet all requirements of the HOME Program. (HOME Regulation can be found at 24 CFR Part 92)
3. To be eligible under HOAP, which is CDBG funded, the homeowner’s income must be under 80% of the median income upon completion. For properties with more than one unit, the household income for the rental units must be no more than 60% initially and subsequently 80% of the HUD-Adjusted median income and you agree to structure your rents to be affordable to very low income households. This means that in addition to qualifying under the HOAP criteria, the project as a whole must be determined to be CDBG/HOME eligible. Income determination must be taken for all units in the project including the owner occupied units and rental units.

d. Rental Unit Eligibility

1. To be eligible under HOAP, existing and future vacant rental units in a project must meet the CDBG/HOME eligibility requirements in c.3. above.

In order to address situations that constitute an immediate threat to life, health and safety, the HOAP program will include an expedited procedure to provide emergency assistance.

- 1. ACDA will make an inspection to determine that an emergency situation, defined as one that is sudden and demanding immediate action, exists.

2. ACDA may then authorize contractors to undertake emergency work items and pay for these expenditures prior to approval of the complete HOAP project by the ACDA Board.
3. If emergency items are authorized, the owners must sign an agreement to complete the rest of the project including bringing the entire structure up to local code and must assume the cost of these other rehabilitation activities. The owner will be liable for repayment to ACDA of all funds that ACDA paid to the contractor if the project is determined later to be ineligible, or for any other reason in which the project is not completed.
4. The following items will be considered for emergency repairs, when they present an immediate threat to the safety and welfare of the occupants and/or the building:

Properties must comply with local zoning ordinances to be eligible. All required variances and conditional use permits must be secured before application to ACDA.

m. Eligible Household Size

There are no restrictions on household size in the HOAP program.

If your building has more than one unit, (example: *2family, 3family or 4family*) up to \$10,000.00 of additional funding per unit may be available. The amount of assistance you will receive is based on the inspection and work write up of ACDA's rehab department.

b. Terms of Assistance

1. All HOAP assistance will be in the form of a deferred loan, secured by a mortgage. The mortgage may be subordinated to any other mortgage approved by ACDA which is presently, or which may be, placed on the property.

- (a) ACDA shall offer a pro-rated deferred loan with no interest for the term set forth below. (See the chart below)

LOAN AMOUNT	LOAN TERM

No additional HOAP funds will be put into a property after the first year of project completion.

An application for a HOAP project, combined with other funding sources, shall be submitted as one application so that it can be evaluated as one complete project for eligibility with the various program guidelines and with the various funding sources.

e. **Property Owners' Personal Funds**

1. The total cost of the project may exceed the assistance to be provided by ACDA, and additional funds may be secured from other financial institutions, or other funding sources.

2. In this case the owner of the property who must use funds from other sources to be used towards the project must do the following:

(a) The owner's funds must be expended first, before ACDA funds.

(b) The owner's funds must be submitted to ACDA at the closing and placed in an interest bearing escrow account held by ACDA. ACDA will distribute the funds per payment schedule.

Eligibility of HOAP Rental Units

a. **Tenant Income Eligibility**

1. "Low income" households are defined as having gross annual household incomes under 60% of the median income adjusted for household size.

2. "Gross Annual Income" is determined using HUD Regulation 24 CFR Part 5.

5	\$1,733.00

c. Utility Allowance

For units where the tenant pays the utilities, the rent will be reduced by the utility allowance on a case-by-case basis. ACDA must use the utility allowances published by HUD for the Section 8 program in determining the amount by which to reduce the maximum rent.

d. **Income Certification**

Signed income certification forms will be required as follows:

1. All occupants of the building at time of application, including owner-occupant and tenants must complete a Monitoring and Certification Agreement Form. The application will not be complete without these forms. ACDA Finance staff will determine the income for these occupants.

3. All new tenants at turnover of units: It is the responsibility of the owner to get a signed certification form from each new tenant selected and forward it to ACDA Compliance Monitoring staff.

e. **Change of Income After Initial Eligibility**

Income will continue to be verified on an annual basis. If the income of a tenant household has changed, the following will apply:

f. **Written Agreements**

A mortgage will be filed to assure that all HOAP requirements are met including the tenant eligibility provisions. The penalty under the mortgage for default of any provisions will include repayment of assistance.

HOAP Property Standards

a. Condition Prior to Rehabilitation

Prior to rehabilitation, the unit must have one or more substandard conditions that would cause the building to fail a housing code inspection.

b. Condition at Completion of Rehabilitation

1. Housing Code

No assistance will be provided unless the entire property is brought into code compliance. All other units in buildings that receive ACDA assistance must also meet applicable housing codes after project completion, even if ACDA funds are not used in those units.

2. Energy Standards

All units assisted with ACDA funds must meet the Cost-Effective Energy Conservation and Effectiveness Standards published by HUD at 24 CFR Part 39. The regulations take into account that not all energy efficiency standards can be met with each rehabilitation and allow for them to be eliminated to the extent that they are not practical in rehabilitation situations and considering economic feasibility. (24 CFR Part 39 is in the Appendix).

c. Code Compliance in cases of Emergency Authorizations

1. If the project involves emergency authorized expenditures, the rehabilitation project must be completed to be eligible for ACDA funding.
2. The City Building Department will be notified for a code inspection if participants only complete the emergency items and do not follow through on the rest of the improvements.

d. Certificate of Completion

1. A Certificate of Completion (CC) must be issued prior to closeout of the project with ACDA.

e. Long Term Code Enforcement

1. The owner must agree to long-term property maintenance. This includes keeping the property in good repair and not allowing the property to deteriorate.
