EMERGENCY ORDER

RE: Emergency Order Closing City Buildings to Public Pursuant to the Emergency Declaration of March 15, 2020 Related to the Outbreak of COVID-19

I, Kathy Sheehan, Mayor, of the City of Albany, New York, in accordance with a Proclamation of State of Emergency executed on the 15th day of March, 2020, do hereby declare that all City-owned buildings are hereby closed to the public, unless expressly approved by the Office of the Mayor as per Appendix A.

Such closure will commence at 4:00pm on the 15th day of March, 2020, for thirty days or until removed by my order or upon termination of the Emergency Declaration of March 15, 2020.

During the period of this closure, no public person may be in any City-owned buildings unless expressly approved as per Appendix A.

During the period of such closure, all non-essential in-person business functions shall be suspended, unless expressly approved in Appendix A.

I hereby direct the Albany Police Chief Eric Hawkins and the City of Albany Police Department to enforce this emergency order by all lawful means. Violation of this order shall be a misdemeanor pursuant to NY Executive Law §24(5).

All reading this are encouraged to take the following preventative measures to impede the spread of COVID-19:

- Avoid close contact with people who are sick.
- Avoid touching your eyes, nose, and mouth.
- Stay home when you are sick.
- Cover your cough or sneeze with a tissue, then throw the tissue in the trash.
- Clean and disinfect frequently touched objects and surfaces using a regular household cleaning spray or wipe.

- Follow CDC’s recommendations for using a facemask if you believe you have the symptoms of COVID-19.

- CDC does not recommend that people who are well wear a facemask to protect themselves from respiratory diseases, including COVID-19.

- Facemasks should be used by people who show symptoms of COVID-19 to help prevent the spread of the disease to others. The use of facemasks is also crucial for health workers and people who are taking care of someone in close settings (at home or in a health care facility).

- Wash your hands often with soap and water for at least 20 seconds, especially after going to the bathroom; before eating; and after blowing your nose, coughing, or sneezing.

- If soap and water are not readily available, use an alcohol-based hand sanitizer with at least 60% alcohol. Always wash hands with soap and water if hands are visibly dirty.

All reading this are also encouraged to visit the Center for Disease Control’s website at https://www.cdc.gov/coronavirus/2019-ncov/ for updates, particularly, on preventative measures as more is known about this disease.

Signed this 15th day of March, 2020, at 3:45 p.m. in Albany, New York.

Essential City of Albany Services including Police, Fire & EMS, Waste Collection, and Water & Sewer Services Continue to Be Available

Many Non-Essential Services Will Only Be Available Remotely, Including Bill Payments, Permit Applications, and Job Applications

Albany Mayor Kathy Sheehan Declares a State of Emergency to Prohibit the General Public from Entering City Buildings Unless Ex expressly Stated Below and to Prohibit the Execution of Evictions Within the City of Albany During COVID-19 Outbreak

ALBANY, NY – Mayor Kathy Sheehan has announced that Albany City Hall and all City of Albany public buildings, including fire stations and police headquarters, will be closed to the public effective immediately through Friday, March 20, 2020, except in very limited circumstances as detailed below.

The Albany Police Department and Albany Fire Department will continue to respond to all emergency calls, and the Department of General Services will continue curbside waste collection and recycling pickup as scheduled.

“Following recommendations from the CDC and the Albany County Health Commissioner, we have developed procedures in an effort to prevent further spread of COVID-19,” said Albany Mayor Kathy Sheehan. “These changes will take effect immediately. We remain in constant contact with the
Albany County Executive, Sheriff, and Health Commissioner, and we will implement further restrictions if the situation warrants. These temporary changes in operations are intended to help protect both our residents and our employees, especially our first responders, and ensure we are adhering to social distancing recommendations provided by public health experts.”
