ABOUT THE ALBANY
CITIZEN POLICE ACADEMY

Albany's Citizen Police Academy is a unique opportunity for citizens who live in or work in the City of Albany. The goal of the Academy is to increase understanding between citizens and police through education.

Through the weekly classes, the police will hope to dispel suspicions and misconceptions and increase rapport between the citizens of Albany and the police. The citizens, in turn, make officers more aware of their feelings and concerns.

A few examples of presentation and topic discussions include:

- **Community Policing**
- **Police / Community Relations**
- **First Responder / CPR**
- **Forensic Investigations Unit**
- **Criminal Investigations Unit**
- **Children and Family Services Unit**
- **Basic Crime Prevention**

Much time and energy has been devoted to development of an informative overview of the fundamentals of police operations, which are instructed by both management and non-management representatives from the Albany Police Department. Students will typically be meeting once a week for three hours for fourteen weeks

Instruction will be presented by subject matter experts and will include virtually every aspect of police work ranging from a study of the New York State Penal Law, demonstrations of many different law enforcement tools (canine unit, mounted unit, etc.), narcotics investigations, computers, firearms, etc. The classes will include lectures, tours, demonstrations, and hands on participation.
