

Beaver Creek Clean River Project

Community Meeting

**November 27, 2018
6:30 PM
TOAST Elementary
94 Delaware Ave**

www.albanyny.gov/CleanRiver

The project aims to improve water quality of the Hudson River by adding screening and disinfection facilities to the sanitary/storm sewer that runs underneath Lincoln Park. The project will also address the occurrence of sewer backups in the Lincoln Park ravine and will add new park features to the ravine.
